ANTIOCH TOWNSHIP HIGH TO HAVE GIRLS' ATHLETIC CLUB

Organization to Affiliate With the National Association

Action to correlate athletic activities in the Antioch Township High School and affiliate them with the National Women's Athletic Association was taken by the girls of the student body this week under the leadership of Miss Watts, the physical education instructor.

The local organization will operate on a point system and embrace all of the activities in which the girls are interested. Among these the members have signified their intention of going in for basketball, baseball, and tennis, as well as indoor baseball, hiking, skating, track work and individual activities.

About sixty members have already signed up for the association which is voluntary and sets a scholarship requirement, according to the conditions of which a member must attain a grade of 80 in at least three subjects.

Doris Brumfield has been chosen president of the organization, Lois Kline, secretary; Alice Hahn, sergeant-at-arms and Esther Stearns, treasurer. The organization voted to make Mrs. L. R. Watson and Miss Edna Drom honorary members.

Besides scholastic requirements membership in the organization will be contingent on the keeping of health and training rules set by the girls themselves. Good posture, good sportsmanship, and consistent participation in physical activities will be stressed by the point system.

This evening the mothers of the members are to be entertained at the High School with a program including numbers prepared by the girls, an address by Dr. Dodge of Kenosha and a short talk by Mrs. W. W. Warriner.

Ruling In Hospital Case Is Sustained by Superior Court

With the denying of writs asking review of the now famous Lake County General Hospital case, the question of whether or not that institution would be allowed to accept pay cases was definitely settled in the negative.

The decree was entered over a year ago by Circuit Judge Claire C. Edwards in the case of Albert Jen-tuk against the county hospital.

The decision provided that patients who are amply able to pay for hospital treatment shall not be admitted at the county hospital; that the hospital shall admit all poor persons on approval of the supervisor of the township in which they live; that emergency cases and cases of contagious diseases may be admitted; that the County of Lake may receive contributions from all persons for previous treatment received at the hospital, either in whole or in part, and may also receive donations for the hospital from societies, institutions or individuals.

The decree was unpopular because it increases the tax burden which the hospital imposes upon the people. Expenses at the hospital this year will be at least \$10,000 in excess of costs of previous years, according to estimates made for the board of county supervisors.

The discovery of Pouse, who was working in Chicago and living in Wilmette, ended a search on the part of the U. S. secret service operatives that was nation wide in its scope. Pouse was popularly supposed to have gone to Canada.

Pouse's disappearance from McHenry county occurred on the eve of trials for transportation and sale of liquor which included a large number of citizens of McHenry county. It was charged that Pouse received a "shake-down" on every barrel of beer that was sold in McHenry county, and that he arranged for protection of beer-runners carrying the contraband liquor into Chicago.

Coroner's Jury Holds Thompson Blameless in Barnett Shooting

Constable Stanley Thompson was exonerated from all blame in the shooting of Ralph Barnett, Chicago gunman and labor organizer, by the coroner's jury which met at the Strong undertaking establishment here last Saturday. The jury held that Thompson had shot Barnett in the performance of his duty.

Inquest was also held into the death of Miss Esther Kaecke and George Smith, both of Chicago, who were killed on the 24th of July when the machine driven by the latter struck a tree. The verdict held that the accident was caused by reckless driving on the part of Smith.

Constable Stanley Thompson shot Barnett after the latter and a companion had opened fire on him at Channel Lake on the evening of July 10th. Thompson was wounded twice and the inquest has been delayed until this date to allow him to recover sufficiently to appear.

Afford H. Pouse, former state's attorney of McHenry county, wanted by the United States secret service and the county of McHenry, for his part in the giant booze ring scandal recently uncovered in that county, was arrested last week in Chicago, according to word sent to former county judge, C. P. Barnes, of Woodstock.

The discovery of Pouse, who was working in Chicago and living in Wilmette, ended a search on the part of the U. S. secret service operatives that was nation wide in its scope. Pouse was popularly supposed to have gone to Canada.

Antioch Palace Has New Heating and Ventilating Plant

A modern and up-to-date heating plant that will make the Antioch Palace warm and cozy in the coldest winter days and provide adequate ventilation for the largest crowds that the big building will accommodate, has been installed at the dance palace this week.

The heating and ventilating apparatus was put in by the H. H. Davis Co., of Chicago. Fifty thousand feet of warm air will be changed every minute by the large ventilating system now in use. The American NoKot Company of Chicago, under the supervision of H. P. Lowry of Antioch, has installed NoKot Oil Burners.

ANTIOCH MERCHANTS TO CO-OPERATE IN BIG GALA EVENT

Bargain Sales Day to Climax Three Days of Poultry Show

Many of the Antioch merchants are planning to cooperate with the Poultry association in making a true gala day event for Antioch November 10th, 11th, and 12th, when the association holds its annual show here.

Antioch has always been known as a bargain center and the merchants, in order to continue to hold the goodwill of their large trade radius, are planning to offer special bargains during these three days and in all probability a dollar day event will climax the program on Saturday, and give them an opportunity to display their new stocks of fall and winter merchandise.

Local Fire Dept. Gets Unique Farm Call

A call sent in by David Bennett, who lives on the Ames farm near Hickory, called out the fire department Sunday evening at seven o'clock and caused considerable excitement and much speculation about town.

Bennett, on coming in from the barn where he had been milking, saw that a fire had broken out, and put in a call on the Farmers' line telephone to ask that the department be in readiness to come if he could not put out the fire. The company delayed some little time waiting for further information and finally started just in time to learn that the fire had been extinguished, and to return to the station.

In the meantime it was left to the innocent bystanders to conjecture as to what caused the fire, who were usually so prompt in getting to the scene of a fire, to delay about town before starting.

Widow Asks Search For Mystery Estate

Mrs. Edith McCammon, who gives her address as Antioch, is endeavoring, through the agency of the Runyard and Bohanna law firm of Waukegan, to locate property left her by her husband at a village known to her through his statements as Hannibal, Indiana. Thus far all knowledge of the place seems to have evaded the Post Office department which states that there is no such postal listing. Nor is the town to be found on any map.

Mrs. McCammon also states that her husband was known as Will McIntire. Besides the Indiana farm she told attorneys that her husband also left a farm in Michigan valued in the neighborhood of \$40,000. She stated that she had been married to McCammon about two years prior to his death but failed to recall the name of the city in which the wedding took place and has no written record of the contract.

HERCULES POWDER WORKS EXPLOSION CLAIMS TWO VICTIMS

Accident at Pleasant Prairie Plant First For Many Years

Two lives were forfeited in an explosion of the Pleasant Prairie plant of the Hercules Powder Works of the E. I. DuPont de Nemours corporation Saturday afternoon. The dead are Harry Halle and Arnold Newyear, both of Pleasant Prairie.

The explosion which occurred in the pellet mill at 1:30 in the afternoon was caused by damaged machinery which set off 75 kegs of powder. It was not accompanied by any noise and the first indication that workers in other departments had of the accident was when the victims staggered forth from the room badly burned. They were rushed to the Kenosha hospital but both passed away that night as the result of the burns received.

Besides the two who were killed, Walter Halle, a cousin of Harry Halle, was the only other employee injured in the accident. He was slightly burned.

Both of the men leave families, that of Halle consisting of a wife and four small children and that of Newyear of a wife and one child.

This was the first fatality that had occurred at the plant since 1908. At that time two lives were lost and the detonation was felt through a wide radius, glass being broken even as far south of Chicago. No one knew at the time what was the reason for the tremor caused by the blast and some were convinced that the end of the world had come.

Property damage due to the explosion was light as the fire was quickly extinguished. No great amount of powder is kept in the working departments, but it is stored in pits in the ground banked heavily over with sand in scattered parts of the huge tract fenced in by the company.

Accident protection is provided by the company from a fund accumulated for that purpose and distributed to the dependents of accident victims in the form of monthly income.

The funeral was held at Pleasant Prairie Tuesday and the body of Halle was taken to Butterville, Ind., for burial.

Local High Receives Gift From Contractor For Athletic Fund

Announcement of the gift of funds amounting to \$250 by Chris Paschen, owner of a summer estate in the vicinity of Chicago Park Commons, to be used for the benefit of the athletics of the Antioch Township high school, was made today.

As the sum of \$250 was apportioned for the work the amount was made available for the use of the school in the development of its athletic program.

The money will be used to procure new equipment for basket ball and other activities.

ANTIOCH GAINS 3RD CONFERENCE VICTORY

Local Football Team to Travel to Gurnee Saturday to Play Warren High

Last Friday the A. T. H. S. football team won its second conference victory by defeating Arlington Heights 20 to 0.

Antioch received a lucky break on the third play of the game when Arlington fumbled and Mitchell recovered the ball taking it over for a touchdown. Arlington came back fighting harder than ever and the two teams battled on even terms the remainder of the first quarter, most of the playing being done in the center of the field.

In the second quarter Antioch started a march towards the goal line which ended in Steininger scoring the second touchdown. Spier was successful on both of his kicks for points after touchdowns and the half ended Antioch 14, Arlington 0. Both teams played hard football in the second half with Antioch on the defense most of the time. Arlington gained considerable ground in this half by means of forward passes but they could not take it over for a touchdown.

In the last quarter the local team carried the ball with scoring distance and Mitchell again carried it over for the third touchdown. The try for point failed and shortly after this the game ended with the score Antioch 20 and Arlington Heights 0. The three undefeated teams in the conference are Antioch, Warren, and Libertyville and one of these will be eliminated on Saturday of this week when the local boys go to Gurnee for their hardest game of the season.

The entire team is in good condition for this game and although the dope favors Warren to win the local boys will make them earn every inch of ground they gain.

The starting line-up will probably be as follows: I. E. Bernoloff (Capt.); L. T. Fisher; L. G. Strametz; C. Craft; R. G. Dalziel; R. T. Murrie; R. E. Wertz; Q. B. Steininger; H. H. Mitchell; L. H. Shochan; F. H. Spier.

Mr. and Mrs. S. E. Pollock were in Highland, Illinois, last Saturday and Sunday where they attended the annual homecoming.

\$500,000 INDUSTRY OF LAKE COUNTY TO BE EXHIBITED HERE

4th Annual Poultry Show to Display Aristocrats of Feathered Kingdom

The lowly farm hen has saved the day for the Lake County dairy farmer. Those who fell back and relied on old biddy, when their dairy animals were condemned and sent to the tanks, have been able to hold their own until such time when they could replace their dairy herd.

Fortunate indeed were Antioch farmers who built up a large farm flock and learned to take care of it. To these lowly hens, thousands of people—merchants as well as farmers; will pay homage on the 10th, 11th and 12th of November, when the fairest representatives of the feathered tribe will receive their due respects from the people of Lake county, at the High School Gymnasium, Antioch, Illinois.

Several hundred of these birds will go to find new homes and start some one in the poultry game, when they are sold at the Pullet Sale on the 12th of November.

Rules of the show and a premium list reads as follows:

Monarch of Forest Is Prize of Antioch Man In Canadian Hunt

L. C. Lutz and E. Johnson of Chicago returned Wednesday from Ontario, Canada, after a week's hunting trip. Louie's Cadillac was laden with 1570 lbs. of moose meat, the hunters having killed two bull moose in the woods of Ontario 60 miles north of Sault Ste. Marie.

One of the specimens killed weighed 710 lbs. and the other 860 lbs. The heads will be mounted. Notwithstanding the fact that Canadian licenses for hunting big game cost over \$40 and a duty of 4c per lb. is collected at the border, the boys are elated over their big game, and claim the fun they had was well worth the money.

U. F. H. School Notes

The first basketball practice of the season was held last week, with twenty men reporting for a workout. Indications are that the team will be very light and will have to make up for their lack of brawn by speed in action. Captain John Menier, Runyard, Madden and Richter are the only experienced men, and one forward berth as well as three reserve positions will be filled from new men among whom are Reese, W. Madden, Bufon, Bloss, Schmalfeldt, Haggerty and Bernhoff. The first game of the season will be played early in December.

The report cards for the first six weeks were issued last Tuesday, showing a smaller honor roll than a year ago. The following people have maintained grades above ninety in four subjects, and are placed on the special honor roll: Mary Daly, Wyntana Haggerty, Ruth Pepper and Hazel Schold. Honor students with grades above eighty-five are: Bernice Harm, Myrtle Mickle, Helen Schenning, Claudia Vincent, Gordon Dix, Dorothea Kaphenst and Iola Harm.

STATE CAPITAL NEWS IN BRIEF

There is less unemployment in Illinois today than in any previous month this year, a monthly report issued on October 14 by the Illinois Department of Labor revealed. Two-tenths per cent more workers had jobs in September than in August. The improvement was due to the fact that the building and mining industries were increasing activities, and was said not to be general in all trades.

Coal miners reported 70.3 per cent more workers in the pits during September even before the miners and operators reached the agreement ending the strike. Seven of the 14 leading Illinois industrial centers report increases in factory employment during September. Fruit and vegetable canning activities led to the greatest gains.

The state division of highways awarded the following contracts recently:

The shadow of the immortal Lincoln loomed into the foreground recently and played a prominent part in the lives of 362 women and men from various parts of the state who received their law diplomas from the supreme court. The class was presented to the supreme court by Hon. Albert Watson, Mt. Vernon, chairman of the board of law examiners and the oath was administered by Chief Justice Oscar E. Heard. After

receiving their sheepskins the class listened to an address at the Hotel Abraham Lincoln by Paul Angle, secretary of the Lincoln Centennial association, and visited points made historic by Lincoln and received booklets on the doings of Lincoln in Springfield.

Established 48 Years Ago
Forty-eight years have elapsed since the Methodist church was first formally established in Antioch. The Methodist folk called Rev. W. F. Atchison in 1879 to be their first pastor. The old Baptist church was soon rejuvenated and regular services of the Methodist organization were held there.

In 1886 the Methodists bought the Baptist interest in the old meeting house. The work thus begun grew slowly until in 1902 the present church was erected, the finest in all

TREVOR SCHOOL BOY IS RUN OVER BY PASSING MOTORIST

Many Trevor People Have
Guests Over the
Week End.

Gerald Runyard, of Trevor, narrowly escaped serious injury last Thursday afternoon when he was run over by a car as he crossed the road on his way home from school. The child crossed behind a big oil truck and failed to see a touring car which was coming at a slow rate of speed. He was taken from under the car by its driver, a Kenosha man enroute to McHenry, and was cared for at his home by Dr. Warriner of Antioch. There it was found that no bones were broken but the child was badly bruised about the head and shoulders and it was necessary to take several stitches in a deep gash in the knee.

The fact that the car was not traveling at a high rate of speed is thought to have been responsible for saving the life of the child.

American Legion Notes (By the American Legion.)

In report issued from State Headquarters of the American Legion dated October 15, 1927, the Eighth District, comprising all Posts in Lake county, leads all Districts in the State for 1928 members.

This good report is due principally, Edward J. McGeogh, Commander of the Eighth District stated, to the excellent and remarkable work of the North Chicago Post in rolling up such a large total of 1928 members so early in the year. Incidentally, North Chicago is away out in the lead in Class B Posts and stands an excellent chance of winning a handsome cup for the largest increase in membership in its class.

All other Posts are slowly rolling in to meet, seven out of twelve having sent in some 1928 cards. With the clearing up of the matter of when dues are payable as stated in a recent news item, it is now believed that all Posts will push forward the matter of their 1928 membership and help Lake county maintain its present lead.

With the Waukegan Convention in 1928 as a goal, renewed interest has been created in Legion affairs in this county and it is confidently expected that with the stimulus created by the excellent work now going on, that Lake County will continue to lead all counties at the time the Convention is called in Waukegan in 1928.

HAPPENINGS IN NEARBY TOWNS

Work of construction was begun on two new factory buildings at Crystal Lake. One will accommodate the manufacturing plant of the Duntle Co. and the other will be used for the construction of auto parts.

Curiosity of a small boy led to the injury of six year old Irene Nelson of Libertyville. The lad, Ernest Bulow, a cousin of the little girl, was examining the gun when it discharged, tearing a hole in her shoulder. She will recover, according to statements of physicians.

Lake county's old fair grounds were sold last week to the North Chicago Material Co. who will use them for a gravel pit. The last fair was held in 1925. For the last several years it was operated at a loss, the indebtedness growing larger each year until it was finally decided to abandon the meeting and dispose of the land to clear up the mortgage.

Miss North Chicago, winner of the second prize given in the Legion's beauty contest at Waukegan Labor Day, was married last week. The young lady was Miss Mayme Zradicka of North Chicago and is the bride of George Tiffany also of North Chicago.

New street signs are being erected in the village of Barrington this week by order of the village board. Barrington is also to have a street numbering system soon.

A fish screen is being installed at the Hetzel Mill, Delavan, by the members of the Isaac Walton League in order to keep the fish in Delavan Lake from finding their way down Turtle Creek and into the Rock river never to return.

The Burlington Chamber of Commerce at their annual business meeting held last week voted to continue the Golden Rule Monthly sales which have been carried on so successfully by that organization for the past year. It was the opinion of the organization that the sales were trade drawing events, that they advertised Burlington and its business in a satisfactory way and that their discontinuance would mean a distinct loss to Burlington retail business.

Explosions of two charges of dynamite set off in a room on the second floor of the new Lorraine apartment building at 2012 Washington street, Waukegan, last Thursday evening jarred the entire city. It is believed

that the bombs were set by labor agitators. The blast caused a property loss of \$2,000.

Adolph Anderson of Glen View, wrecked a freight train on the Soo Line railroad near Prairie View last Friday morning and demolished his Chrysler Coupe when he drove the coupe into a freight car loaded with lumber. The car was derailed and, dragged by the moving train, and

The Futurist company of Chicago who have operated a factory at Burlington, Wis., for the past two years are to move their headquarters to that place soon according to plans of the company's officers.

cated the new \$100,000 church and school building at the St. Anastasia parish, Waukegan last Sunday at 2:30 p. m.

Origin of Cricket

Cricket, like many of the other popular games in this country, originally hailed from the East. It came to this country from France in the Middle Ages, and the name itself is derived from the French word, "criquet," which means on the continent the stick used in the game of bowls.—London Mail.

Hunch Defined

A "hunch" is just a man's counterpart for a woman's intuition.—Boston Herald.

Wild Creatures' Eyesight

The biological survey says mountain sheep probably have the keenest eyesight of all animals. Wolves and foxes are among the most cunning.

St Ignatius' Church Notes

Episcopal
Calendar—20th Sunday after Trinity.
9:45 Church School.
11:00 Matins and Sermon.

Next Sunday the second of the series of discussions on the Ten Commandments will be given. 5—Respect 6—Discipline, 7—Purity, 8—Honesty, 9—Truth, 10—Contentment.

Sunday morning, Nov. 6, there will be a celebration of the Holy Communion at 8 a. m. Breakfast will be served in the Parish house after the service for members of the Church School and any one who would like to stay. This is the Sunday preceding Armistice Day and the first Sunday after All Saints' Day, (Nov. 1st), and it is to be hoped that all communicants will make an earnest effort to be present at this celebration of the Holy Communion and make it not only a personal communion but a sacred memorial and act of love and devotion to the memory of loved ones who have gone on to the Church Expectant in Paradise. Blessed are they that die in the Lord and may light perpetual shine upon them.

"The Master Key" will be the subject of the sermon and it is hoped that all interested in St. Ignatius Parish will come to divine worship.

As ever the Church is a Haven for sinners and a school for saints, so you may expect to feel at home.

Mr. Wm. Kelly, the collector, is looking for some of those little pledges as the church year closes.

St. Andrew's Day, Nov. 30, and we have \$600 to collect by that date. Have you taken your opportunity to foot the bill yet? Salvation is free but the expression of ideals is costly. Obey that impulse! Amen!

CHRISTIAN SCIENCE CHURCHES

"PROMOTION AFTER DEATH" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, October 23.

The Golden Text was from Romans 10:9, "If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But what things were gain to me, those I counted loss for Christ. Yea, doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord; . . . That I may know him, and the power of his resurrection, and the fellowship of his sufferings, being made conformable unto his death; If by any means I might attain unto the resurrection of the dead" (Phil. 3:7, 8, 10, 11).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Mortals move onward towards good or evil as time glides on. If mortals are not progressive, past failures will be repeated until all wrong work is effaced or rectified. If at present satisfied with wrong doing, we must learn to loathe it. If at present content with idleness we must become dissatisfied with it" (p. 210).

Overture's Position

Overtures have been written as independent orchestral compositions, but the overture has usually been composed as a prelude or introduction to an oratorio or opera.

Obsequies of Rufus Hirschmiller Held at the Home Yesterday

The funeral of Rufus Hirschmiller of Channel Lake was held at the Hirschmiller home yesterday afternoon. Mr. Hirschmiller came here seven years ago and bought the farm on which he has since resided. Since then he has made a wide acquaintance among the people of the community.

Funeral services were in charge of Masonic Lodge No. 476 of Chicago of which he was a member and of the local chapter of the Masonic order. Rev. S. E. Pollock officiated. Interment was made in the Hillside cemetery at Antioch.

Mr. Hirschmiller who was 56 years of age at the time of his death is

survived by a wife and two sons, George and Edward, both of whom reside at home with the family.
